Garbage

In the kitchen you will find a large garbage bin (yellow sack) for plastic, shampoo bottles, milk containers, chip bags, toothpaste tubes, cans, etc. You can put full garbage sacks in the garage. Please do not deposit these in the large grey garbage bin outside!

In the kitchen cabinet you will find a bin which you can use for the rest of the rubbish. For example cleaning cloth, kitchen towel, tissues etc. A full bag can be deposited in the large grey garbage bin outside. If you barbecue, you can put the leftover charcoals in the same bin as well.

The large bin with the blue lid is only used for paper and cardboard.

On the Dorfstrasse, near the camping site for bikers just outside of Wielen, you find several containers to deposit empty bottles.

Green waste can be deposited in the compost bin behind the garage.

If your dog has a little accident in the garden, we kindly ask you to dispose of it. We put small plastic bags on the shelf in the garage next to the door for this purpose. You can use the grey bin to deposit the waste. We also kindly ask you not to allow the dog on the furniture.

Every two weeks on Mondays, the garbage is collected. We will put the garbage sacks and bins out near the road. For this reason, we kindly request not to lock the garage doors on Mondays.

Television

Use the LG remote controller to turn the television on or off. TV has to be turned to HDMI 1 to watch television (LG controller – input – HDMI 1 – OK). The Denson box, receiving a signal from the satellite dish, must be switched on as well. It may take a minute before you receive a signal.

With the Denson remote control you can flip between channels and adjust the volume.

If you would like to browse the channels, you can use the Denson remote control: press find and then press exit to show a list of channels.

If you would like to watch a movie (HDMI 2) you turn on the radio. Use the LG remote control: input – HDMI 2 – OK. Insert the DVD. On the Harman Kardon remote control, press disk (top left) and choose “programma volgen”. If you would like to change DVDs, you press eject (top left).

You can turn on the radio with the Harman Kardon remote control.

Internet

Unfortunately, we have poor internet connection here in Wielen, but we hope to see this improve in the near future. If you would like to make use of internet, you can use the network ‘Access MV400’ and password: ‘Wiel32Wad200’. If you lose signal, you may have to reset the router.

Basement

In the basement, you can make use of the washing machine, ironing-board and iron, and drying rack.

Instructions for the washing machine: left section of the dispenser is used for laundry detergent, and the section in the middle for the softener. Set the temperature and press ‘speed’ if you would like to have a fast wash. If the machine has finished, a red led light flashes. Please turn off the machine when finished.

For the kids, we have Foosball (table soccer) and a shuffleboard in the basement.

Garage

If you have brought bikes, you can store them in the garage. You find the keys for the garage in the upper draw of the white kitchen cabinet. Please put these keys back into this draw on the day you depart.

If you stay for longer than planned, we can discuss mowing the grass.

Restaurants

On our website: www.vakantiewoning-wielen-vechtdal, you find several restaurant in the vicinity of Wielen. Please note that in some restaurants you won’t be able to pay by card.

Supermarkets

There is a small grocery shop at Industriestraße in Wielen where you can buy basic groceries and freshly made bread each morning. At this shop you cannot pay by card.

Next to this shop you find Futterkrippe where you can order French fries and a variety of schnitzels. Its opening times are from Tuesday to Sunday from 11.30 AM to 20.00 PM.

Diagonal to the biker's camping site at the Melkweg, you find a poultry farm selling fresh eggs.
